

1. **Leave all cards in the box/envelope.** Do not 'deal out' any cards.
2. One player begins by **pulling a card out of the box,** picture side up.
3. That player then attempts to **fill in the adjective ending** for that card.
4. If s/he is **correct** in stating the adjective ending (flip over the card to see the correct answer), s/he **keeps the card.** If s/he is **incorrect, the card is put back** at the bottom of the stack in the box.
5. The winner is the **player who has kept the most cards** when all cards are gone.
